

Diabetes Prevention Program

12 month virtual group for anyone with pre-diabetes.

All Participants must be:

- At Least 18 years old and not pregnant at the time of enrollment
 - Overweight with a body mass index (BMI) of 25 or greater
 - Hemoglobin A1C of 5.7% to 6.4% or fasting blood sugar of 100 to 125 mg/dl
- or**
- Have been previously diagnosed with gestational diabetes (this may be self-reported)

Program Goals

Prevent type 2 diabetes in those diagnosed with pre diabetes or at high risk of developing diabetes by:

- Reducing body weight 5 - 7%
- 150 minutes of activity per week

Participants may also enroll on the basis of a high risk score using the ADA/CDC Prediabetes Risk Test.
